

COVID-19 Vaccine Clinic at Cataraqi Centre

In an effort to make your visit to the COVID-19 vaccine clinic at Cataraqi Centre a successful, smooth experience, we have prepared this instruction sheet for you. The first page gives you information about screening to enter the building and a checklist of things to remember. The second page provides directions and parking information.

Screening

Please click on the link below and complete the pre-screening form on the day of your appointment, before you arrive for your appointment.

kflaph.net/screening

Checklist

Below is a checklist that supports the information included in the Ministry of Health factsheet you received, which explains what you need to know before your appointment.

What to bring:

- Health card or other government-issued photo ID such as driver's license (if available)
- Face mask

What to do:

- Wear a short-sleeved t-shirt.
- Do not arrive more than 10 minutes before your appointment.
- Clean your hands when you enter the building.
- Practice physical distancing.
- While waiting in line to register for your appointment, please take off your coat and get your ID ready.
